<b>CAREER OBJECTIVES:</b>	My career objective is to leverage my knowledge and skills in C#, .NET technologies, and web development to contribute to the design and development of enterprise-level systems. I am eager to use my expertise in programming with C#, design and implementation of databases with MS SQL Server, UML modeling with MS Visual Studio, web application development with ASP.NET Web Form, MVC, and Core, and front-end development with HTML5, JavaScript, Angular and CSS, to make a meaningful impact in a software development or IT related role. I am excited to join a dynamic and innovative team where I can continue to learn and grow as a software developer.
